## VALENCIENNES NOW WITHIN GRASP OF BRITISH ALLIES MAKE PROGRESS ON ALL BATTLE FRONTS

### FIRST LESSON IN ENGLISH FROM A YANKEE

THEIR FIRST LESSON IN ENGLISH

COMM. ON PUBLIC INFORMATION, SUPPLIED BY I. N. S.

French kiddies gathered around a Yankee fighter receiving their first lesson in English.

GERMAN RESISTANCE STIFFENS IN THE TOURNAI REGION, BUT ALLIES CONTINUE TO DRIVE FARTHER INTO GERMAN LINE WEST OF GHENT AS GENERAL ADVANCE IS MAINTAINED.

BRITISH PUSH FORWARD ALONG SCHELDT HUNS CEASE VIOLENT ATTACKS ON FRENCH AMERICAN GAINS EMPEIRL ARDENNES LINES

French Patrols Reach the Danube at Widin, Accomplishing Relief of Rumania and Subjecting Austria to Attack From Serbia if Heavy Artillery Can be Brought Up.

(By The War Editor of The Associated Press)

Allied troops on the northern end of the front in France and Belgium today are driving into the German line from west of Ghent past Tournai to Valenciennes. This is the line of the Scheldt river and two of the important points on it—Tournai and Valenciennes—are almost within the grasp of the British.

### RESISTANCE IS STIFFENING

German resistance is stiffening between Tournai and Valenciennes, the southern end of the 80-mile line from Valenciennes to the Dutch frontier. The British armies, however, continue to progress. Orca, within less than a mile of Tournai on the west, has been taken and the British hold La Sentinelle, one mile west of Valenciennes.

### PUSHING ALONG THE SCHELDT

North of Tournai the British are along the Scheldt on a front of 5 miles and north and south of this sector rapidly are gaining the western bank of the river.

Between Valenciennes and LeCateau the British maintain their pressure and have reached the Escaillon river at Thiant, southwest of Valenciennes.

French forces continue their pressure on the front from the junction of the Oise and the Serre eastward to Vouziers. On the extreme left they have advanced north of the Serre. East of the Aisne at Vouziers the Germans have ceased their violent efforts to dislodge the French from important hill positions.

The French here are in a position to outflank the Germans facing the Americans on the sector west of the Meuse which accounts for the strong German efforts to drive the French back. General Gouraud's men, however, have defeated all enemy attacks.

The text of Germany's reply to President Wilson has arrived in Washington. It is probable that no announcement of a decision by the President will be made before tomorrow.

### MARSHAL HAIG ADVANCING

Field Marshal Haig's men are within one mile of Valenciennes and the Germans are expected to abandon that city very quickly. Further south the railroad from Valenciennes into the Ardennes region is in peril and only increased resistance will prevent the British and Americans from getting in. In the Serre and Oise sector the French have made great progress at various points.

### IN THE CHAMPAGNE REGION

In the Champagne region Generals Berthelot and Gouraud have not been able to advance during the past day nor have the Americans in the Argonne been able to shake the defenses of the Germans, although Rappes Woods and Hill No. 299 have been taken from the enemy by a sharp attack.

### FRENCH REACH DANUBE

French patrols have reached the Danube river at Widin. This town is on the southern bank of the river and the arrival of allied troops there would establish contact with Rumania from the south. It threatens Austria from the southeast if sufficiently heavy infantry forces can reach that region at once.

BUILDING WRECKED ROUGH TREATMENT AMMONIA EXPLODES IS GIVEN SLACKER

By Associated Press Dispatch.

Fort Smith, Arkansas, October 22.—Explosion of an ammonia tank in the four-story building of the Ft. Smith Commission Co., at two o'clock today resulted in collapse of every floor.

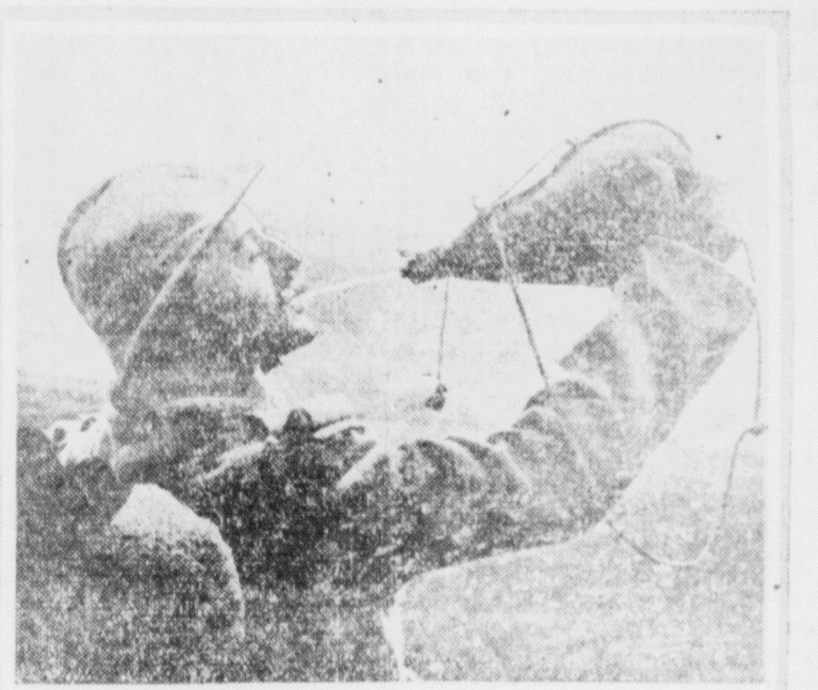

It is thought several employees trapped in the building have perished. Several persons were injured jumping from the windows.

By Associated Press Dispatch.

Mt. Vernon, O., October 22.—A prominent resident of this city who failed to buy Liberty Bonds was last night visited by a number of citizens who painted "slacker," "Hun," "Kaiser" and kindred terms upon his barn, sidewalk and fences.

Today a blind man, who had been employed by patriotic citizens, stood in front of the man's home and played patriotic airs.

### BELIEVES IN SANITATION

SANITARY DRINK

OMTEL.

This French fighter, with the French forces in Macedonia, has perfected this trick-way of drinking from his canteen. It required much practice, but its sanitary value was probably well worth the many times he undoubtedly missed.

OFFICIAL TEXT OF GERMAN NOTE MAY CLEAR UP OBSCURE PARTS

Latest Communication Is Received by Swiss Charge and Is Being Decoded as Rapidly as Possible.

Official Text May Clear Up The Wireless Report.

By Associated Press Dispatch.

Washington, October 22.—The official text of Germany's latest note to President Wilson was received by cable today at the Swiss legation. Frederick Oederlin, the Swiss charge, arranged to deliver it to Secretary Lansing as soon as it could be decoded.

The charge's appearance at the State Department was delayed for several hours as the task of decoding and translating proved to be long and tedious.

Considerable differences in verbiage may be shown and it is understood that the official text will clear up certain obscure passages in the wireless version received yesterday.

Indications were that no announcement of a decision by the President would be expected before tomorrow. Secretary Lansing was with him until near midnight last night discussing the wireless version, but there now must be further conferences and it is assumed there will be exchanges with the allied capitals.

By Associated Press Dispatch.

Washington, October 22.—Draft calls suspended three weeks ago because of the influenza epidemic now are going out again in certain zones where the Surgeon General's office has decided it is safe to send the men to cantonments.

The localities and exact number of men will not be announced at present.

### FIVE DEATHS

By Associated Press Dispatch. Camp Sherman, October 22.—Five more deaths occurred at the campment during the 24-hour period ending at noon, making a total of 1,033.

Ohioans in today's list of dead are: Wm. J. Hanley, Cleveland; Channing Pickering, Johnstown; Forest E. Eddy, Delaware.

PROMPT ANSWER TO GERMAN NOTE IS EXPECTATION

By Associated Press Dispatch.

Washington, October 22.—President Wilson is expected to act promptly on the new German note, the official text of which probably will be delivered today through the Swiss legation.

The unofficial version as received yesterday by wireless from Germany has been discussed by the President and Secretary Lansing for several hours, but there has been no intimation of President Wilson's attitude.

### NO HOPE

BARON BURIAN

In a recent statement to the Foreign Affairs Committee of the Hungarian delegation at Vienna Baron Burian, Austro-Hungarian Foreign Minister, declared that the Central Powers found themselves no longer able to hope for a military decision in their favor. Bulgaria's demand for peace only hastened the presentation of the peace proposals of the Central Powers, he added.

OFFICIALS PLANNING FIFTH LOAN

Before the Fourth Loan Figures Are Totaled Preparations Are Begun For Next Drive.

Billions Are Needed Whether Peace Comes or Not.

By Associated Press Dispatch.

Washington, October 22.—Long before the Fourth Liberty loan figures have been counted up or the honor flags distributed for the money paid in, preparations have been started at the Treasury for the Fifth Liberty Loan whenever it may be called.

The date has not been determined nor the amount nor any other features. The only certain knowledge is that there will be another and that it will come in the spring of 1919—in March or April.

Whether present German manoeuvres for peace are successful or not the government will need more billions to pay the war cost which can decrease only gradually if cessation of military efforts should come.

Within a few months the Treasury will again begin to issue new certificates of indebtedness as a means of financing itself and by next spring the accumulated billions of these must be redeemed from sales of more bonds.

So with this situation in mind the loan organization of the Treasury today had turned its attention to campaign plans for the next loan.

Two features have been given study thus far in advance—publicity and campaign methods—both closely connected.

AIRCRAFT WORKERS RETURN TO TASKS

By Associated Press Dispatch.

Springfield, Mass., October 22.—The employees of the Springfield Aircraft Corporation who struck yesterday to force a readjustment of wages and

hours went back to work this morning pending adjustment through a committee of workers and officials of the company. The War Labor Board will be appealed to if a satisfactory result is not obtained.

AUSTRIA ANXIOUS

(By Associated Press Cable)

Berne, Switzerland, October 22.—The Austrian propaganda service sends the following announcement from Vienna.

"The Austro-Hungarian government will reply very soon to President Wilson's note, more so as the President has not replied to the question concerning conditions on which peace negotiations are possible."

EPIDEMIC MAKES GAIN

By Associated Press Dispatch.

Columbus, O., October 22.—With an estimate today of between 115,000 and 120,000 cases of Spanish influenza in the state pessimism pervaded the offices of the State Department of Health.

Acting Health Commissioner Bauman declared the situation throughout the state is grave and growing worse each day. He says the crest of the epidemic will not be reached before the latter part of the week, if then.

Calls for medical assistance continued to pour in. Cincinnati reported to the State Board today that more than 22,000 cases have developed in that city. Not a single city or town in the state is unaffected and rural communities are now reporting cases by the thousands.

BRISBANE INQUIRY

By Associated Press Dispatch.

Washington, October 22.—The Senate Judiciary Sub-committee investigating brewers' propaganda and purchase of the Washington Times by Arthur Brisbane with money furnished by brewers, decided today to extend the scope of its inquiry to include all charges that have been made relative to illegal political and publicity activities of brewers' interests.

Hearings were postponed until members of the committee return to Washington after the November election.

PRESIDENT WILL REPLY VERY SOON

Unofficial Comment in Washington Does Not See Immediate Peace.

By Associated Press Dispatch.

Washington, D. C., October 22.—Official comment continued to be withheld awaiting an indication of the President's views. Everyone expected him to decide very quickly whether the note in support of its promises for a plea for an armistice and that the Government at Berlin is no longer responsible to an arbitrary power were to be taken seriously or ignored.

Informal opinion as to the probable attitude of the President covered a wide range, but did not differ on the main point that immediate peace is not at hand and that however sincere the German overtures may be no armistice can be agreed to except upon conditions of surrender that will destroy forever the Kaiser's war machine.

213 ARE LOST ON TICONDAROGA

By Associated Press Dispatch.

Washington, October 22.—Two officers and 99 enlisted men of the army lost their lives in the sinking of the U. S. Steamer Ticondaro.

This announcement today by the War Department brought the total loss of life to 213, the Navy having previously reported 10 officers and 102 men of the crew dead and two officers carried off as prisoners by the enemy submarine which sent the vessel down.

More than half of the soldiers lost were from Ohio. The list also gave the names of 14 privates saved, among them are Private Gaetano Carano, Wellsville; Nick Compagna, East Palestine and Chas. M. Feicht, of Washingtonville.

## FAYETTE'S QUOTA \$36,000 TO COME FROM WAR CHEST

Drive for \$170,500,000 For War Work Will Not Disturb Fayette Which Has Money in War Chest to Meet Demands Made in Coming Campaign.

When the big national campaign opens November 11 to raise the sum of \$170,500,000 for various war work organizations, it will not disturb Fayette county citizens, who already have provided for their share of \$26,000, the quota allotted to this county, by the Fayette County War Chest.

As result of the Fayette County War Chest there will be no campaign to take up the time of the workers and citizens generally, but when the time comes for payment, the disbursing committee will take the necessary action.

Ohio's quota of the big war fund is \$10,650,000, and in addition to Fayette's quota, nearby county quotas are: Clinton \$37,000; Highland \$37,000; Pickaway, \$38,000; Greene, \$28,000; Ross \$73,000; Madison, \$37,000.

The United War Work Campaign is composed of these seven organizations, which have been recognized by the War Department as essential factors in keeping up the morale of the army and navy: Y. M. C. A., Y. W. C. A., Knights of Columbus, War Camp Community Service, Jewish Welfare Board, American Library Association and Salvation Army.

Of the huge amount to be raised \$8.65 per cent will go to the Y. M. C. A., 8.8 per cent to the Y. W. C. A., 17.6 per cent to the Knights of Columbus, 8.8 per cent to the War Camp Community Service, 2.65 per cent to the Jewish Welfare Board, and equal amounts to the American Library Association and the Salvation Army.

The campaign will be the largest of its kind ever held in Ohio, being twice as large as the Red Cross campaign a year ago.

Approximately two-thirds of the State's quota will be raised in war chest communities, where no direct appeal for funds will be made to the public.

## M COMPANY MAN AMONG MISSING

Private Robert Highland, son of Sylvester Highland, formerly of this city, is listed among the missing in action, according to a telegram from the War Department which reached this city this week.

Private Highland volunteered and was with M Company when it left this city fourteen months ago.

It is supposed that he was taken prisoner, that being the usual where a man is listed as "missing in action."

It is understood that Private Highland's father moved to Mt. Sterling or Columbus, some time ago, and as a result some difficulty resulted in obtaining immediate notification when the telegram reached this city.

## GOES TO CHERRY HOTEL

Chas. Rinehart, who recently closed his Arlington restaurant, is assisting in the management of the Cherry Hotel Restaurant.

Read the Want Ads Today

## CHRISTMAS OVERSEA

There were no photos to send to the front in our Civil War, for the camera was still a new and expensive luxury.

Fathers carried away the picture of their little ones in their memories, and returned to find the picture far out of date.

But this war is different. A little thoughtfulness at home can keep the image of loved ones ever new and fresh, at the front. And there are no gifts which the front so much appreciates.

Will your image be "over there" this Christmas?

DeWees Studio

## SCHOOL FRIENDS SORROW AT GRAVE

A long line of autos accompanied the family of Mr. and Mrs. Wilbur Thornton to the Washington cemetery Monday afternoon for the funeral service of their young daughter, Ursel Pauline.

The school friends of the Chaffin School with whom the young girl had been a favorite, were in sorrowful attendance in large number and from them and Supt. Hartman was a beautiful floral remembrance. There were many other flowers from relatives and friends surrounding the casket.

Rev. G. E. Groves conducted a simple and touching service, and read the hymn "Lead Kindly Light." The pallbearers were schoolmates, Irene Shoults, Elsie Hodge, Janet Hedy, Harold Coit, Harold Shoults, Earl Carr.

Mr. and Mrs. Roy Shoults and son, of Jeffersonville, and Miss Irene and Harold Shoults, and Mrs. Sadie Lamm of Delaware, were among those who attended the services.

## ANOTHER FAYETTE SOLDIER MISSING

Relatives of Private Oliver P. Alspaugh, of the Wessler neighborhood, have received official notification that Private Alspaugh has been missing since August 16th, when he disappeared while in action.

However, regardless of the fact that the young man is reported missing since August 16th, it is understood that letters written by Private Alspaugh as late as September 23rd have reached his relatives, indicating that there is some mistake and that he must be safe wherever located.

It is also equally certain that he is not in a German prison camp as letters bear no such mark—a thing which they would do if the writer were in prison.

## ENGINES CRASH IN LOCAL YARDS

A huge Soo Line engine and the B. & O. yard engine were badly smashed about the pilots, Tuesday noon, when the yard engine plowed into the Soo Line engine on the curve back of the Fayette Canning Company's plant.

The Soo engine was standing on the main track, and the yard engine with a cut of cars attached, struck the Soo with such force that the entire pilot of the yard engine was carried away and the pilot of the Soo engine badly damaged.

## ROLL OF HONOR

Total casualties today 1128, including 46 Ohioans, and the list is divided as follows: Killed in action 144; missing in action 116; wounded severely 372; wounded slightly 45; died of accident and other causes 6; died of wounds 43; wounded, degree unknown 322; died of disease 54; prisoners 21.

Ohioans:  
Killed in Action—Corporal, Homer F. Moulin, Garfield; Corporal, Frank J. Simon, Massillon; Privates, David Horwitz, Cincinnati; Frank Bat, Cleveland; Nick Goicas, Canton; Earnest Lawrence Thomas, Suiter; Bert Budd, Justus.

Missing in Action—Privates, William Cretty, Marion; Eugene O'Boyle, Cleveland; Frank Metz Petre, Youngstown; Myer Goldberg, Cleveland; Leo McDonald, Canton; Parker Penwell, Latham; Louis Purney, Canton; Arthur Ralston, St. Paris; Eugene H. Swartz, Tiffin; John Vanok, Cleveland; Neal Wolfe, Copy.

Wounded Severely—Captain Dean M. Gillilan, Ironton; Lieutenant, Walter J. Miller, Troy; Sergeant John D. Harmon, Cincinnati; Corporals, Herber S. Brown, Mentor; Fred C. Fiederson, Sandusky; Afton Kagey, Mansfield; Privates, George E. Arnett, Montezuma; Nick Dragusin, Canton; Karl P. Fringer, Mt. Glen; Ross F. George, Lancaster; George Hill, Youngstown; Edward F. Nedderman, Bremen; Wellington Hill, Newtonsville; Charles M. McDowell, Conneaut; Earney Richardson, Kenton; Arlie L. Rigel, Quaker City; Mike Shuminski, Toledo; John Joseph Byrne, Cleveland; Albert Murphy, Mansfield; Elmer J. Powers, Youngstown.

Slightly Wounded—Private Edward S. Arden, Columbus.

Died of Wounds—Private Charles Wasch, Cleveland.

Wounded, Degree Undetermined—Sergeant, Floyd C. Johnson, Alliance; Corporal Joseph L. Hoover, Covington; Privates Emmett C. Harrison, Alliance; Carl W. McFarland, Mansfield; Clyde H. Ostrandor, Thompson.

Died of Disease—Private Wm. August Haffner, Bucyrus.

## Typically American— the tailored costume

TODAY the American woman stands ready to put her shoulder to the wheel. She has new work, new problems, new purposes. For these she needs different clothes; garments that answer the requirements of her added duties; fashions that are typically American—the tailored costume.

But the tailored costume, more than any other, must be designed with exquisite care and executed with expert workmanship so as to keep its refined elegance through months of service.

The skill obtained from many seasons' experience has taught the Wooltex designers how to interpret this new need in tailored styles. This fall you will find your war-time fashion in Wooltex tailored coats and suits at

\$35, \$45, \$55, \$65 and up

These coats and suits are shown exclusively in this city.

## TO THE CITIZENS OF FAYETTE COUNTY

THE Fayette County War Work Council wishes to express its unbounded gratitude to the citizens of Fayette County for their splendid and loyal support to the Fourth Liberty Bond sale.

The response was cheerful, patriotic and liberal to the amount of \$1,192,750, being \$250,000 in excess of Fayette County's quota of \$942,750. The splendid success achieved in the drive was not only due to the patriotic response of our citizens generally, but to the untiring and efficient work of the members of the Fayette County War Work Council throughout the county. The number of subscriptions in the county is practically 2,000, three times as many as subscribed to the Third Liberty Loan.

The citizens of Fayette County may justly feel proud of their achievements accomplished since April 6, 1917, in Liberty Loans, War Chest and War Savings Stamps. They have contributed to the support of our government a sum in excess of \$2,000,000—a splendid record. This is a magnificent response to the call to arms of the folks at home, and a splendid message to send to our boys in Khaki overseas.

Our closing message to you is: "On to Berlin," and "Unconditional Surrender."

DIRECTING COMMITTEE, FAYETTE WAR WORK COUNCIL.

## BIG TANK ARRIVES

One of the big steel gasoline tanks for The J. E. Smith Oil Company, built according to special order and having a capacity of 11,000 gallons, has arrived in this city.

The work of unloading and placing in position on the ground of the com-

pany on South Fayette street will soon be begun.

## FUNERAL SERVICES

MRS. JOHN STEEL

The funeral services of Mrs. John Steel will be held Wednesday afternoon at two o'clock at the Washington cemetery.

## COMMUNICATION FROM S. D. FESS

To the People of the Seventh Congressional District:

The added duties involved in the direction of the campaign for the next Congress, which I have taken on by accepting a unanimous election to the Chairmanship of the National Republican Congressional Committee will prevent my visit to the district. I am therefore compelled to depend upon my friends to see that my interests will not be overlooked or neglected.

I have endeavored to serve the country and the people of the Seventh District to the best of my ability. In case I have met their approval I will be greatly pleased to have their endorsement on November 5th. The winning of the war is the one big task. To that end I have given my best thought. Before the declaration of war, I urged a state of preparedness, for which I was called in question by some of our best people who did not believe any danger existed. To these critics my reply was invariably, "We are praying for the best, but getting ready for the worst."

Since the war my constant thought and purpose has been to prosecute the war in the most vigorous manner at the least possible waste. I have had a part in every item of important war legislation, always supporting war measures. Today I am using my influence to elect a Republican Congress, justified in it by the record of Republicans in Congress which surpassed that of the Democratic members.

The war will undoubtedly end next year, and the Congress elected next month will be called upon to solve the problems of reconstruction. These will call for the very best ability of the country. I have the confidence that the country will call a Republican Congress for that purpose.

Personally I shall be grateful to all my friends for their support, at the polls.

Adv. S. D. FESS.

## Fayette County Folks

The War Work Council statement appearing in this issue discloses some very gratifying facts but none more pleasing to realize and to contemplate than the big ultimate fact that Fayette county folks have invested with the Government and contributed toward necessary war activities the splendid sum of more than three million dollars.

That's about eight per cent of the county's entire property valuation as disclosed by the tax duplicates.

We should bear in mind too that that big sum does not include individual donations and does not include either the time, the energy and the ability that have been contributed by the patriotic men and women of the county.

This county was asked to invest something less than a million dollars in the last Liberty Loan bond issue and the people responded by subscribing and paying for fully a quarter of a million dollars more of the bonds than they had been asked to take by the treasury officials.

These big figures are gratifying and satisfying evidence that not only is this county patriotic through and through from outside to inside and from inside to outside again, but that the people are prosperous and know the best investment when it is offered to them.

Fayette county folks have always had good cause to be proud of their collective worth and energy, but never more so than now since the record of the Fourth Loan has been completed.

Fayette county folks are content to leave the running of America's part in the war to Wilson and the boys over there and to meet promptly every request made.

Good old Fayette folks.

## New Deal Austria

Emperor Charles of Austria, seeing the coming storm, is making haste to grant, with the grace that can only come from those who "rule by divine right," reforms in government which will lead to greater freedom to the people who have lived in that section called Austria-Hungary.

The agglomeration of nations and races which have been held together under the empire of Francis Joseph and Charles, it is promised, will be broken up. Each race must have its separate state, each people having its own separate territory and the whole held together in a voluntary federation of states. That is at least what Charles promises in his proclamation, persuaded, no doubt, more by the near approach of the allied armies than by an in-born sense of right.

It's strange that none of these reforms come to the people under the divine right rulers until threat of revolution backed by powerful guns compels them. Many a royal head has fallen into the basket, many a royal body has been pierced with the sword in order that the rulers, who followed after would grant more liberty to the people.

President Wilson, in his reply to the peace note of Austria-Hungary, makes it plain, however, that these reforms must be real, that the granting of liberty to oppressed peoples must be genuine and not a matter of form only.

Austria-Hungary too, like Germany, must, so far as the present government is concerned, get its house in order before lasting peace can come. Gradually but certainly that fact is beginning to be understood by the rulers.

## One Factor Out

One of the war's results is the lesson the people have learned in economy and thrift—the conservation of resources and energies.

When the German war lords declared for a ruthless submarine campaign they had satisfied themselves that their capacity for destruction of ship tonnage would enable them to prevent England and the European nations from getting food and fuel and clothing. They arrived at their conclusion by an exact—Germanly exact—calculation which took into consideration all the ship tonnage of the world and the ship building capacity of the nations.

The vice in the calculation was the same that obtained in so many other German calculations. It proceeded from beginning to end omitting one of the most important factors—the ability of the people to economize.

Following the declaration of ruthless submarine warfare all ship building was speeded up to greater capacity, but the Huns had calculated on that and bending every effort to increase construction the U-boats were gaining in the work of destruction.

By economy and reduced demand and by shortening the loading and unloading at the docks, the necessary percentage of ship tonnage increased sufficiently to overcome the U-boat destruction, and the most staggering blow to German plans delivered by economy and increased energy rather than by increased production of actual ship tonnage by building new ships.

### POEM FOR TODAY

THY GOD IS NOT OUR GOD.

O infamous Hun, when day and night with perjured breath, And feigned piety, thou prayest to thy god To aid thee in thy deeds of cruelty and death— To bless thee in the breaking of thy sacred oath; And when thy god thou praisest loudly all the time For helping thee with hellish fury maim and kill A helpless nation's old and young, whose only crime Was that in faith they lived in peace and next to thee, Thy god is not our God.

And when, detested beast, thou thankest a higher power For giving thee alone the serpent's slimy stealth To send unwarned, unshriven, in night's appalling hour, O'er-riding all the law and custom of mankind, A thousand trusting human souls enwrapped in sleep, Devoid of every aid or hope of friendly help, To their eternal rest within the mighty deep, Their distant graves unmarked to all fore'er unknown— Thy god is not our God.

When'er with stony heart thou prayest god to guide Thy flying messengers of wreck and sudden death, That they unseen with faultless aim may swiftly glide Above the harmless objects of their deepest hate, And there at once destroy with bursting bomb and shell Our sick and dying men, and babes and mothers both— To bless thy blighting with the very breath of hell A fertile land—the earthly homes of God and man— Thy god is not our God.

When to thy god thou prayest much to give thee grace To gain thy dearest, greatest, final quest of all, The death or else enslavement of the human race That only thee and thine on earth many reign supreme And liberty, or hope of future freedom be Forever crushed and held beneath thy iron feet And ne'er again be known to man on land or sea— When to thy heathen god so oft thou prayest thus Thy god is not our God.

Thy god's an evil thing of cruel rightless might, A god of self, of darkness, death and endless hate; But God, the eternal God of all, is love and light And ever showing boundless mercy to the weak As well as to the strong, 'Tis He, our God will win In time, in His own way, the final fight for right And make thee deeply rue at last thy grievous sin With sorrow and remorse through countless years to come, Thy god is not our God.

W. T. BAY, Secy.

GEO. DEAN, W. Pres.

### OUR PRESIDENT

God bless him! If ever man needed prayer and sympathy it is Woodrow Wilson. His path is as lonely as that of Abraham of old. With a thousand advisers he stands alone. With hundreds of voices calling—do it this way—do it that way, he must do it his own way and take the responsibility. Advice is blown upon him and over him and around from editorial tripods and arm-chair warriors as apple-blossoms before a storm yet he alone must mark out the nation's pathway. He must sift and risk and apply and bear the burden of final action. Two hundred million eyes are turned toward him from America's homes and hamlets and millions more from battlefields and national councils. So far as human finality is concerned the solution of the world's governmental problems will come from Washington its White House and its man of destiny.

Can he sift truth out of the manifold advices and from contradictory advisers, and always, unerringly, and under all conditions know what is the wisest thing to do? He must decide and execute. In God's name, O ye inconsiderate critics, have a heart! Where would the world have been today had you been in his place? Be merciful. Only infallibility can carve a path unerringly through this Red Sea of world-confusion and tumult. No braver heart than that of Woodrow Wilson ever stood at the focus of a thousand possibilities and all of them wrong but one. Men may be perfectly honest in their advisings, but they may be just as erroneous as honest. There may be honesty even in the grossest ignorance. One needs more than honesty. He needs ballast, he needs a knowledge of conditions, he needs judgment, he needs to know what can be done and what cannot be done and to do aright the thing that is undertaken. No man ever had a braver, manlier, saner heart than the man installed in the White House, whom the embattled world today looks to, beyond all others, save God, as its great reliance and helper in the conflict of peoples and the equitable adjustment and reconstruction of nations yet to be. More than any other one man he is today the world's prophet and leader. Think of his responsibility, a responsibility that belongs only to him. Think of his lone battles with problems which are to shape civilization for a thousand years, and give him a cheer; give him a prayer; give him

your confidence. Right or wrong he is your own and your only executive. He and he alone is entrusted with executive authority, and, by the grace of God, has shown himself to be a friend and brother of the human race, the guardian of democracy in a most perilous time. Let 100,000,000 people send up to heaven a petition for him. Let him have our earnest supplications and our patriotic backing in this day when contrary to his own long-cherished wishes, war's mighty problems have been thrust upon him. A nation that rallies wholeheartedly, enthusiastically, determined, about their chosen leader when the fate of their own and of unborn generations is at stake, cannot ultimately fail. Again we say: "Our President; God bless him!"

### WANT 1000 WOMEN FOR SPECIAL WORK

By Associated Press Dispatch.

Pittsburg, October 22. — A new course of instruction for women has been inspired in the Carnegie Institute of Technology, by the Surgeon General's call for 1,000 women for service at home and overseas to teach crafts to disabled soldiers in military hospitals.

To meet this demand Carnegie "Tech" is to train women as reconstruction aids.

Previous art training or aptitude in art work is a requisite. The subjects to be covered in the course will include basketry, weaving, metal work, chair caning, making wooden toys and block printing.

### AS YOUNG AS YOUR KIDNEYS

The secret of youth is ELIMINATION OF POISONS from your body. This done, you can live to be a hundred and enjoy the good things of life with as much "pep" as you did when in the springtime of youth. Keep your body in good condition, that's the secret.

Watch the kidneys. The kidneys and digestive organs are the main causes. The kidneys filter and purify the blood. All the blood passes through your kidneys once every three minutes. They strain or filter out the impurities. That is their work. Keep them clean and in proper working condition and you have no trouble.

Drive the poisonous waste from your system. Take GOLD MERMOL Oil Capsules at intervals. You will feel stronger. Nerves and muscles and your face will be healthy. GOLD MERMOL Oil Capsules are imported from the laboratories at Haverhill, Mass.

They are not a patent guaranteed remedy used by the sturdy Dutch years and which has helped develop into one of the healthiest races in the world. They are a substitute. In seal three sizes.

"HAPPY? why sure! Business is good, for folks know now that it pays to trade right here at home. Big run on Golden Sun Coffee. Try a pound!"

### Golden Sun Coffee

is popular for it makes more cups to the pound. Brews clear; rich in flavor and aroma. Sold only by home-town grocers; never by mail order houses that ask you to buy from a picture and wait for delivery and never by peddlers.

Buy from home-town grocers where you can see what you are getting.

## FAYETTE'S QUOTA \$36,000 TO COME FROM WAR CHEST

Drive for \$170,500,000 For War Work Will Not Disturb Fayette Which Has Money in War Chest to Meet Demands Made in Coming Campaign.

When the big national campaign opens November 11 to raise the sum of \$170,500,000 for various war work organizations, it will not disturb Fayette county citizens, who already have provided for their share of \$36,000, the quota allotted to this county, by the Fayette County War Chest.

As result of the Fayette County War Chest there will be no campaign to take up the time of the workers and citizens generally, but when the time comes for payment, the disbursing committee will take the necessary action.

Ohio's quota of the big war fund is \$10,650,000, and in addition to Fayette's quota, nearby county quotas are: Clinton \$37,000; Highland \$37,000; Pickaway, \$36,000; Greene, \$25,000; Ross \$73,000; Madison, \$37,000.

The United War Work Campaign is composed of these seven organizations, which have been recognized by the War Department as essential factors in keeping up the morale of the army and navy: Y. M. C. A., Y. W. C. A., Knights of Columbus, War Camp Community Service, Jewish Welfare Board, American Library Association and Salvation Army.

Of the huge amount to be raised 58.65 per cent will go to the Y. M. C. A., 8.8 per cent to the Y. W. C. A., 17.6 per cent to the Knights of Columbus, 8.8 per cent to the War Camp Community Service, 2.65 per cent to the Jewish Welfare Board, and equal amounts to the American Library Association and the Salvation Army.

The campaign will be the largest of its kind ever held in Ohio, being twice as large as the Red Cross campaign a year ago.

Approximately two-thirds of the State's quota will be raised in war chest communities, where no direct appeal for funds will be made to the public.

## M COMPANY MAN AMONG MISSING

Private Robert Highland, son of Sylvester Highland, formerly of this city, is listed among the missing in action, according to a telegram from the War Department which reached this city this week.

Private Highland volunteered and was with M Company when it left this city fourteen months ago.

It is supposed that he was taken prisoner, that being the usual where a man is listed as "missing in action."

It is understood that Private Highland's father moved to Mt. Sterling or Columbus, some time ago, and as a result some difficulty resulted in obtaining immediate notification when the telegram reached this city.

## CHRISTMAS OVERSEA

There were no photos to send to the front in our Civil War, for the camera was still a new and expensive luxury.

Fathers carried away the picture of their little ones in their memories, and returned to find the picture far out of date.

But this war is different. A little thoughtfulness at home can keep the image of loved ones ever new and fresh, at the front. And there are no gifts which the front so much appreciates.

Will your image be "over there" this Christmas?

DeWees Studio

## SCHOOL FRIENDS SORROW AT GRAVE

A long line of autos accompanied the family of Mr. and Mrs. Wilbur Thornton to the Washington cemetery Monday afternoon for the funeral service of their young daughter, Ursel Pauline.

The school friends of the Chaffin School with whom the young girl had been a favorite, were in sorrowful attendance in large number and from them and Supt. Hartman was a beautiful floral remembrance. There were many other flowers from relatives and friends surrounding the casket.

Rev. G. E. Groves conducted a simple and touching service, and read the hymn "Lead Kindly Light."

The pallbearers were schoolmates, Irene Shoulitz, Elsie Dodge, Janet Hidy, Harold Coil, Harold Shoulitz, Earl Carr.

Mr. and Mrs. Roy Shoulitz and son, of Jeffersonville, and Miss Irene and Harold Shoulitz, and Mrs. Sadie Lamm of Delaware, were among those who attended the services.

## ANOTHER FAYETTE SOLDIER MISSING

Relatives of Private Oliver P. Aispaugh, of the Wissler neighborhood, have received official notification that Private Aispaugh has been missing since August 16th, when he disappeared while in action.

However, regardless of the fact that the young man is reported missing since August 16th, it is understood that letters written by Private Aispaugh as late as September 23rd have reached his relatives, indicating that there is some mistake and that he must be safe wherever located.

It is also equally certain that he is not in a German prison camp as letters bear no such mark—a thing which they would do if the writer were in prison.

## ENGINES CRASH IN LOCAL YARDS

A huge Soo Line engine and the B. & O. yard engine were badly smashed about the pilots, Tuesday noon, when the yard engine plowed into the Soo Line engine on the curve back of the Fayette Canning Company's plant.

The Soo engine was standing on the main track, and the yard engine with a cut of cars attached, struck the Soo with such force that the entire pilot of the yard engine was carried away and the pilot of the Soo engine badly damaged.

## ROLL OF HONOR

Total casualties today 1128, including 56 Ohioans, and the list is divided as follows: Killed in action 144; missing in action 116; wounded severely 372; wounded slightly 45; died of accident and other causes 6; died of wounds 43; wounded, degree unknown 322; died of disease 54; prisoners 21.

Ohioans: Killed in Action—Corporal, Homer F. Moulin, Garfield; Corporal, Frank J. Simon, Massillon; Privates, David Horwitz, Cincinnati; Frank Bat, Cleveland; Nick Goicas, Canton; Earnest Lawrence Thomas, Sutter; Bert Budd, Justus.

Missing in Action—Privates, William Cretty, Marion; Eugene O'Boyle, Cleveland; Frank Metz, Petre, Youngstown; Myer Goldberg, Cleveland; Leo McDonald, Canton; Parker Penwell, Latham; Louis Purney, Canton; Arthur Ralston, St. Paris; Eugene H. Swartz, Tiffin; John Vanek, Cleveland; Neal Wolfe, Copley.

Wounded Severely—Captain Dean M. Gillilan, Ironton; Lieutenant, Walter J. Miller, Troy; Sergeant John D. Harmon, Cincinnati; Corporals, Herber S. Brown, Mentor; Fred C. Fodderman, Sandusky; Afton Kagey, Mansfield; Privates, George E. Arnett, Montezuma; Nick Dragusin, Canton; Karl P. Fringer, Mt. Gilead; Ross F. George, Lancaster; George Hill, Youngstown; Edward F. Nedderman, Bremen; Wellington Hill, Newtonsville; Charles M. McDowell, Conneaut; Earnest Richardson; Kenton; Arlie L. Rigel, Quaker City; Mike Slaminski, Toledo; John Joseph Byrne, Cleveland; Albert Murphy, Mansfield; Elmer J. Powers, Youngstown.

Slightly Wounded—Private Edward S. Arden, Columbus.

Died of Wounds—Private Charles Wasch, Cleveland.

Wounded, Degree Undetermined—Sergeant Floyd C. Johnson, Alliance; Corporal Joseph L. Hoover, Covington; Privates Emmett C. Harrison, Alliance; Carl W. McFarland, Mansfield; Clyde H. Ostrander, Thompson.

Died of Disease—Private Wm. August Hafner, Bucyrus.

## Typically American—the tailored costume

TODAY the American woman stands ready to put her shoulder to the wheel. She has new work, new problems, new purposes. For these she needs different clothes; garments that answer the requirements of her added duties; fashions that are typically American—the tailored costume.

But the tailored costume, more than any other, must be designed with exquisite care and executed with expert workmanship so as to keep its refined elegance through months of service.

The skill obtained from many seasons' experience has taught the Wooltex designers how to interpret this new need in tailored styles. This fall you will find your war-time fashion in Wooltex tailored coats and suits at

\$35, \$45, \$55, \$65 and up

These coats and suits are shown exclusively in this city.

## TO THE CITIZENS OF FAYETTE COUNTY

THE Fayette County War Work Council wishes to express its unbounded gratitude to the citizens of Fayette County for their splendid and loyal support to the Fourth Liberty Bond sale.

The response was cheerful, patriotic and liberal to the amount of \$1,192,750, being \$250,000 in excess of Fayette County's quota of \$942,750. The splendid success achieved in the drive was not only due to the patriotic response of our citizens generally, but to the untiring and efficient work of the members of the Fayette County War Work Council throughout the county. The number of subscriptions in the county is practically 2,000, three times as many as subscribed to the Third Liberty Loan.

The citizens of Fayette County may justly feel proud of their achievements accomplished since April 6, 1917, in Liberty Loans, War Chest and War Savings Stamps. They have contributed to the support of our government a sum in excess of \$2,000,000—a splendid record. This is a magnificent response to the call to arms of the folks at home, and a splendid message to send to our boys in Khaki overseas.

Our closing message to you is: "On to Berlin," and "Unconditional Surrender."

DIRECTING COMMITTEE, FAYETTE WAR WORK COUNCIL.

The funeral services of Mrs. John Steel will be held Wednesday afternoon at two o'clock at the Washington cemetery.

## COMMUNICATION FROM S. D. FESS

To the People of the Seventh Congressional District:

The added duties involved in the direction of the campaign for the next Congress, which I have taken on by accepting a unanimous election to the Chairmanship of the National Republican Congressional Committee will prevent my visit to the district. I am therefore compelled to depend upon my friends to see that my interests will not be overlooked or neglected.

I have endeavored to serve the country and the people of the Seventh District to the best of my ability. In case I have not their approval I will be greatly pleased to have their endorsement on November 5th. The winning of the war is the one big task. To that end I have given my best thought. Before the declaration of war, I urged a state of preparedness, for which I was called in question by some of our best people who did not believe any danger existed. To these critics my reply was invariably, "We are praying for the best," but getting ready for the worst."

Since the war my constant thought and purpose has been to prosecute the war in the most vigorous manner at the least possible waste. I have had a part in every item of important war legislation, always supporting war measures. Today I am using my influence to elect a Republican Congress, justified in it by the record of Republicans in Congress which surpassed that of the Democratic members.

The war will undoubtedly end next year, and the Congress elected next month will be called upon to solve the problems of reconstruction. These will call for the very best ability of the country. I have the confidence that the country will call a Republican Congress for that purpose.

Personally I shall be grateful to all my friends for their support at the polls.

S. D. FESS.

## Fayette County Folks

The War Work Council statement appearing in this issue discloses some very gratifying facts but none more pleasing to realize and to contemplate than the big ultimate fact that Fayette county folks have invested with the Government and contributed toward necessary war activities the splendid sum of more than three million dollars.

That's about eight per cent of the county's entire property valuation as disclosed by the tax duplicates.

We should bear in mind too that that big sum does not include individual donations and does not include either the time, the energy and the ability that have been contributed by the patriotic men and women of the county.

This county was asked to invest something less than a million dollars in the last Liberty Loan bond issue and the people responded by subscribing and paying for fully a quarter of a million dollars more of the bonds than they had been asked to take by the treasury officials.

These big figures are gratifying and satisfying evidence that not only is this county patriotic through and through from outside to inside and from inside to outside again, but that the people are prosperous and know the best investment when it is offered to them.

Fayette county folks have always had good cause to be proud of their collective worth and energy, but never more so than now since the record of the Fourth Loan has been completed.

Fayette county folks are content to leave the running of America's part in the war to Wilson and the boys over there and to meet promptly every request made.

Good old Fayette folks.

## New Deal Austria

Emperor Charles of Austria, seeing the coming storm, is making haste to grant, with the grace that can only come from those who "rule by divine right," reforms in government which will lead to greater freedom to the people who have lived in that section called Austria-Hungary.

The agglomeration of nations and races which have been held together under the empire of Francis Joseph and Charles, it is promised, will be broken up. Each race must have its separate state, each people having its own separate territory and the whole held together in a voluntary federation of states. That is at least what Charles promises in his proclamation, persuaded, no doubt, more by the near approach of the allied armies than by an in-born sense of right.

It's strange that none of these reforms come to the people under the divine right rulers until threat of revolution backed by powerful guns compels them. Many a royal head has fallen into the basket, many a royal body has been pierced with the sword in order that the rulers, who followed after would grant more liberty to the people.

President Wilson, in his reply to the peace note of Austria-Hungary, makes it plain, however, that these reforms must be real, that the granting of liberty to oppressed peoples must be genuine and not a matter of form only.

Austria-Hungary too, like Germany, must, so far as the present government is concerned, get its house in order before lasting peace can come. Gradually but certainly that fact is beginning to be understood by the rulers.

## One Factor Out

One of the war's results is the lesson the people have learned in economy and thrift—the conservation of resources and energies.

When the German war lords declared for a ruthless submarine campaign they had satisfied themselves that their capacity for destruction of ship tonnage would enable them to prevent England and the European nations from getting food and fuel and clothing. They arrived at their conclusion by an exact—Germanly exact—calculation which took into consideration all the ship tonnage of the world and the ship building capacity of the nations.

The vice in the calculation was the same that obtained in so many other German calculations. It proceeded from beginning to end omitting one of the most important factors—the ability of the people to economize.

Following the declaration of ruthless submarine warfare all ship building was speeded up to greater capacity, but the Huns had calculated on that and bending every effort to increase construction the U-boats were gaining in the work of destruction.

By economy and reduced demand and by shortening the loading and unloading at the docks, the necessary percentage of ship tonnage increased sufficiently to overcome the U-boat destruction, and the most staggering blow to German plans delivered by economy and increased energy rather than by increased production of actual ship tonnage by building new ships.

By economy and reduced demand and by shortening the loading and unloading at the docks, the necessary percentage of ship tonnage increased sufficiently to overcome the U-boat destruction, and the most staggering blow to German plans delivered by economy and increased energy rather than by increased production of actual ship tonnage by building new ships.

## POEM FOR TODAY

THY GOD IS NOT OUR GOD.  
O infamous Hun, when day and night  
With perjured breath,  
And feigned piety, thou prayest to  
thy god  
To aid thee in thy deeds of cruelty  
and death—  
To bless thee in the breaking of thy  
sacred oath;  
And when thy god thou praisest  
loudly all the time  
For helping thee with hellish fury  
maim and kill  
A helpless nation's old and young,  
whose only crime  
Was that in faith they lived in peace  
and next to thee.  
Thy god is not our God.

And when, detested beast, thou  
thankest a higher power  
For giving thee alone the serpent's  
slimy stealth  
To send unwarned, unshriven, in  
night's appalling hour,  
O'er-riding all the law and custom of  
mankind!  
A thousand trusting human souls en-  
wrapped in sleep,  
Devoid of every aid or hope of  
friendly help,  
To their eternal rest within the  
mighty deep.  
Their distant graves unmarked to all  
fore'er unknown—  
Thy god is not our God.

When'er with stony heart thou  
prayest god to guide  
Thy flying messengers of wreck and  
sudden death,  
That they unseen with faultless aim  
may swiftly glide  
Above the harmless objects of their  
deepest hate,  
And there at once destroy with  
bursting bomb and shell  
Our sick and dying men and babes  
and mothers both—  
To bless thy blighting with the very  
breath of hell  
A fertile land—the earthly homes of  
God and man—  
Thy god is not our God.

When to thy god thou prayest much  
to give thee grace  
To gain thy dearest, greatest, final  
quest of all,  
The death or else enslavement of the  
human race  
That only thee and thine on earth  
many reign supreme  
And liberty, or hope of future free-  
dom be  
Forever crushed and held beneath  
thy iron feet  
And ne'er again be known to man on  
land or sea—  
When to thy heathen god so oft thou  
prayest thus  
Thy god is not our God.

Thy god's an evil thing of cruel  
rightless might,  
A god of self, of darkness, death and  
endless hate;  
But God, the eternal God of all, is  
love and light  
And ever showing boundless mercy  
to the weak  
As well as to the strong. 'Tis He, our  
God will win  
In time, in His own way, the final  
fight for right  
And make thee deeply rue at last  
thy grievous sin  
With sorrow and remorse through  
countless years to come.  
Thy god is not our God.

Manufacturers' Record

GEO. DEAN, W. Pres.

## OUR PRESIDENT

God bless him! If ever man needed prayer and sympathy it is Woodrow Wilson. His path is as lonely as that of Abraham of old. With a thousand advisers he stands alone. With hundreds of voices calling—do it this way—do it that way, he must do it his own way and take the responsibility. Advice is blown upon him and over him and around from editorial tripods and arm-chair warriors as apple-blossoms before a storm yet he alone must mark out the nation's pathway. He must sift and risk and apply and bear the burden of final action. Two hundred million eyes are turned toward him from America's homes and hamlets and millions more from battlefields and national councils. So far as human finality is concerned the solution of the world's governmental problems will come from Washington its White House and its man of destiny.

Can he sift truth out of the manifold advices and from contradictory advisers, and always, unerringly, and under all conditions know what is the wisest thing to do? He must decide and execute. In God's name, O ye inconsiderate critics, have a heart! Where would the world have been today had you been in his place? Be merciful. Only infallibility can carve a path unerringly through this Red Sea of world-confusion and tumult. No braver heart than that of Woodrow Wilson ever stood at the focus of a thousand possibilities and all of them wrong but one. Men may be perfectly honest in their advising, but they may be just as erroneous as honest. There may be honesty even in the grossest ignorance. One needs more than honesty. He needs ballast, he needs a knowledge of conditions, he needs judgment, he needs to know what can be done and what cannot be done and to do aright the thing that is undertaken. No man ever had a braver, manlier, saner heart than the man installed in the White House, whom the embattled world today looks to, beyond all others, save God, as its great reliance and helper in the conflict of peoples and the equitable adjustment and reconstruction of nations yet to be. More than any other one man he is today the world's prophet and leader. Think of his responsibility, a responsibility that belongs only to him. Think of his lone battles with problems which are to shape civilization for a thousand years, and give him a cheer; give him a prayer; give him

your confidence. Right or wrong he is your own and your only executive. He and he alone is entrusted with executive authority, and, by the grace of God, has shown himself to be a friend and brother of the human race, the guardian of democracy in a most perilous time. Let 100,000,000 people send up to heaven a petition for him. Let him have our earnest supplications and our patriotic backing in this day when contrary to his own long-cherished wishes, war's mighty problems have been thrust upon him. A nation that rallies wholeheartedly, enthusiastically, determined, about their chosen leader when the fate of their own and of unborn generations is at stake, cannot ultimately fail. Again we say: "Our President; God bless him!"

## WANT 1000 WOMEN FOR SPECIAL WORK

By Associated Press Dispatch.  
Pittsburg, October 22. — A new course of instruction for women has been inspired in the Carnegie Institute of Technology, by the Surgeon General's call for 1,000 women for service at home and overseas to teach crafts to disabled soldiers in military hospitals.

To meet this demand Carnegie "Tech." is to train women as reconstruction aids.

Previous art training or aptitude in art work is a requisite. The subjects to be covered in the course will include basketry, weaving, metal work, chair caning, making wooden toys and block printing.

## AS YOUNG AS YOUR KIDNEYS

The secret of youth is ELIMINATION OF POISONS from your body. This done, you can live to be a hundred and enjoy the good things of life with as much "pep" as you did when in the springtime of youth. Keep your body in good condition, that's the secret.

Watch the kidneys. The kidneys and digestive organs are the main causes. The kidneys filter and purify the blood. All the blood passes through your kidneys once every three minutes. They strain or filter out the impurities. That is their work. Keep them clean and in proper working condition and you have nothing to fear. Drive the poisonous wastes and deadly uric acid accumulations from your system. Take GOLD MEDAL Haarlem Oil Capsules at intervals and you will always be in perfect working order. You will feel strong and vigorous. Nerves and muscles will be elastic and your face will radiate youth and health. GOLD MEDAL Haarlem Oil Capsules are imported direct from the laboratories at Haarlem, Holland.

They are not a patent medicine, but a guaranteed remedy which has been used by the sturdy Dutch for over 200 years and which has helped them to develop into one of the strongest and healthiest races in the world. Get them from your druggist. Do not take a substitute. In sealed packages—three sizes. Adv.

"HAPPY? why sure! Business is good, for folks know now that it pays to trade right here at home. Big run on Golden Sun Coffee. Try a pound!"

## Golden Sun Coffee

is popular for it makes more cups to the pound. Brews clear; rich in flavor and aroma. Sold only by home-town grocers; never by mail order houses that ask you to buy from a picture and wait for delivery and never by peddlers.

Buy from home-town grocers where you can see what you are getting.

CLARKSBURG, OHIO.

eniza. Another daughter, Mrs. Ralph Auch, of Washington, D. C., also has been seriously ill there with pneumonia, but is very much better and expects to go to Sandusky Saturday for a visit of several months with her parents.

George Bryant spent Sunday and Monday with his son Private Charles Bryant, who is confined in the Base Hospital at Camp Sherman with a severe attack of quinsy. He reports that his son's condition is now improving and believes the danger is passed.

Mr. and Mrs. Verne Beale, baby daughter, Jean and Mr. Beale's sister, Miss Ruby Beale, who is one of the corps of nurses at the Mercy Hospital in Hamilton, were the guests of Mrs. Beale's parents, Mr. and Mrs. Jud Clark, Sunday. Mrs. Beale and little daughter remaining for a longer visit.

Mrs. Warner L. Southard is spending the day in Mt. Sterling the guest of Mrs. Margaret Roland and Miss Southard.

Mr. and Mrs. W. J. Frayne (nee Ruth Parrett) are receiving congratulations upon the birth of a daughter at their home on the Bloomingburg and New Holland pike.

Mrs. Bessie Leetham, of Dayton, and Miss Lesta Hines, of Manchester are at the home of Mr. Thos. Kissling called by the death of their sister, Mrs. Kissling.

Mr. Herbert D. Cockerill and family are moving from the Greenfield pike to the country home of Mr. E. E. Cockerill on the New Martinsburg pike. Mr. Cockerill having rented his uncle's farm.

Virgil Duff, of the Waterloo pike returned the first of the week from a ten days visit with his aunt, Mrs. Dora Dick, at Oak Park, a suburb of Chicago. His brother Roscoe Duff joined him here Monday to spend the day at the home of their uncle, Mr. John Noble.

Mr. J. M. Baker was a business visitor in Columbus, Monday.

Mr. and Mrs. Forest Horne and children, Eleanor and Paul, motored over from Dayton to be Sunday guests of Mrs. Horne's parents, Mr. and Mrs. John W. Wilson.

Mrs. J. C. Burnett, of Sabina, is a shopping visitor here today.

Ronald Hodge son of Mr. and Mrs. James Hodge has been transferred from Camp Sherman to Fort Comp-ton, Pa and is now in Tank service.

Miss Ruth Reid returned to Oberlin College Tuesday after spending a few days with her parents, Hon. and Mrs. Charles A. Reid.

Dr. W. E. Ireland is confined to his home on East street by illness, but is showing improvement today.

Mrs. Elza Sanderson, of Briar avenue is recovering from an attack of influenza.

Mrs. J. W. Morris was brought from her home near New Holland in the Kirk Ambulance to the Hodson Hospital Tuesday morning. Her condition is very critical due to pneumonia and accompanying complications.

Mr. and Mrs. Charles McLean and daughter, Katharine, were visitors in Chillicothe Saturday.

Mr. and Mrs. Emmer Edwards have received the welcome word that their son Pvt. Davis Edwards, is able to be out of the hospital at Jefferson Barracks, Mo., after an attack of the influenza.

Mrs. Morris Baker has received word that her brother, Lieutenant John A. McCarty, 312th infantry, was gassed in action a month ago, and is now in a hospital at Bordeaux.

Mr. E. Culberson of Millidgeville left Tuesday for Camp Taylor to visit his son, Corporal Claire Culberson.

Mrs. Clara Ferguson went to Springfield Monday for an indefinite stay with her sister, Mrs. J. W. Acton.

## "FLU" EPIDEMIC IS FAST WANING IN WASHINGTON

Unground Reports Were Circulated Concerning "Quarantine" Which Many Thought Established—City Resuming Normal Conditions Once More.

The influenza epidemic in this city is fast waning, and the number of new cases are comparatively few, while the bulk of the sick are recovering or have fully recovered. In some parts of the county the epidemic is decreasing rather slowly, however.

Health Officer Byron announces a marked improvement in the situation, and with local physicians believes the epidemic reached its worst early last week, and since that time has been on the decline.

As a result of the marked decrease of the disease, conditions are rapidly becoming normal once more, and business is about as usual.

During the epidemic the report was started that the city was under rigid quarantine, and many believed this. As a matter of fact not a single case of the disease has been quarantined, and only the same precautions were taken in this city as in all other cities touched by the epidemic, and public gatherings indoors prohibited in order to prevent further spread.

Within a short time it is expected that even the precaution of discontinuing public meetings will be abolished, and that no further serious trouble will occur.

## FAYETTE SOLDIERS ARE SERIOUSLY ILL

Telegrams have been received by the relatives of Harry H. Brown and Theo. Cooper, of the Bloomingburg community, saying that the former was seriously ill in a hospital in a Virginia training camp and the latter, who was seriously ill with pneumonia at Camp Sherman, and who was on the way to recovery, has suffered a relapse and was in a serious condition.

## BLOOMINGBURG BOY IS WOUNDED

Mr. D. A. Tway, of Bloomingburg, has received official notification that his son, Lieutenant Thomas B. Tway, 358 Infantry, 1st Battalion, had been severely wounded in action in France, and was in a hospital.

The nature of his wounds was not announced, and no further information was available.

## FUNERAL SERVICES MOTHER AND DAUGHTER

What could have been more perfectly in accord with the quiet beauty of the sleepers, mother and daughter, sleeping so peacefully and quietly, side by side, in the beautiful Good Hope cemetery, than the glorious sunshine smiling so sweetly upon them.

During their whole life they have been beams of sunshine in the home, in the church, in the school wherever they might be, and a sacred halo seemed to radiate and draw to them friends by the score.

Always the bright side of life they saw. The good they saw in everyone. Music was in their souls. Their very lives were full of beauty. The bright fleecy clouds as they floated by the cheery little songsters fleeing among the trees, the vari-colored flowers, the rainbow, the stars at night, the babbling brooks, all nature was theirs to love, to talk of. An ideal companion, mother, friend. A loving daughter, sister, playmate. What more can we say?

Members of the Order of D. of A. of which Mamie Pearl was a member, rendered their beautiful services at the grave, singing as an order, "Near-er My God To Thee."

A favorite song, "Beautiful Isle of Somewhere," was sung as a duet.

A large gathering of relatives and friends were assembled with the family Monday afternoon to help ease the double sorrow which had fallen so heavily upon the home.

Among the near relatives not being able to come were: Mrs. Emma Hines and son Harry of Manchester, O.; and Mr. Ernest Hines of Cincinnati, O.; and Mr. Oscar Herman Hines, Somewhere in France; Mrs. Tilla Barrows of Detroit, Mich.

Those coming from a distance were: Miss Lesta Hines of Manchester, O.; Mrs. Bessie Leedom of Dayton, O.; Mr. Henry Kissling and wife of Good Hope; Mr. Ernest Kissling and wife of Centerfield, O.; Mr. Alva Kissling of Greenfield; Mrs. Ida Biggs, and Delma Kissling of Columbus, O.

Among the beautiful flowers were: sprays from Inskip Mfg. Co.; Loving Playmates, D. of A. Lodge, Junior Order, Loving Friends, Mr. and Mrs. Asa Murray, Mrs. Sprenger and Richard, Mr. and Mrs. C. Thoroman, Maud M. Bush, Mrs. Bonduant, Alva and Dorothy Kissling, Mr. and Mrs. Ernest Kissling, Flowers from Mr. and Mrs. Ray Burnett, Mrs. Bessie Leedom, Mr. and Mrs. Chas. Kissling, Miss Agnes Kerrigan, Hazel Ellison, sprays from Mr. and Mrs. Frank Jackson and a number of other floral pieces.

## MEMOIR.

Mamie Pearl, daughter of A. C. and Emma Hines, was born at Manchester, Ohio, December 16, 1884, and died at her home in Washington C. H., Ohio, October 18, 1918, aged 33 years, 10 months and 2 days.

She was the second child in the family of seven children. Her father, a prominent druggist of Manchester, died in December, 1907.

Of her brothers and sisters, Oscar is now in active service in France; Ernest resides in Cincinnati; Mrs. Tilla Barrows in Detroit; and Mrs. Bessie Leedom in Dayton. Her oldest sister, Miss Lesta and the sixteen-year old brother Harry, reside at the old homestead with the widowed mother who is too ill to attend the funeral of daughter and granddaughter today.

On November 4, 1906, in this city, she was united in marriage to Thomas B. Kissling, by Rev. J. C. Arbuckle.

To bless this happy wedded life came four children, Albert, aged eleven; Maxine, who sleeps in death by her mother's side, Wanita aged 8 and Adrian aged 6.

The devoted husband and three children are left to bear the double burden of overwhelming sorrow.

At the age of ten years she was converted and joined the M. P. Methodist church at Manchester, later transferring her membership to Grace M. E. church of this city under the pastorate of Rev. Frederick E. Ross and continued a devoted member of the church to the time of her death.

Her life was centered in her church, her home and her loved ones. Husband and children,—mother, brothers and sisters—these were her joy.

Hers was a life of service—of beautiful consecration to the duties nearest her,—the duties of home.

Unassuming in her manner, she was the angel of the household, teaching, guiding the little ones through their studies and their play,—caring for the home she loved so well, loving everyone.

Only a few days before the blight of sickness enveloped the home she told the writer of this memoir of her loving anxiety for her soldier brother overseas,—of her pride in his career and of the mother, brothers and sisters, who await anxiously the news each day.

Tenderly she spoke of husband and children and with motherly solicitude talked of the future of each of her little ones—Albert, Maxine, Wanita and little Adrian, saying that in the present crisis, it is one's Christian duty to be hopeful, brave and strong—

## Another Car Load of Fordson Tractors

## THE ORTMAN MOTOR CO.

AUTHORIZED FORDSON DEALERS

to look upon the bright side of everything and that she was sure in the end all will be well.

Never physically strong, her health was impaired in early childhood by a severe cold which she contracted while on a trip to Virginia, the steamboat on which she traveled being for days enveloped in a heavy fog on the Ohio river.

When the dread pneumonia laid its hand upon little Maxine the burden lay heavy on the mother's heart. All was done to stay the progress of the sickness. Parents, relatives, neighbors and friends cherished the failing spark of life.

The mother, worn with watching and anxiety, contracted the same terrible disease. Expert nursing and medical skill were vain. After two days of suffering the fond mother closed her eyes in quiet sleep and no doubt her gentle spirit was the first to greet her darling child, who four hours later joined her on the Eternal shore.

Lesta Maxine Kissling, daughter of Thomas and Pearl Kissling, was born in Washington C. H., Ohio, January 18, 1899 and died at her home in this city October 18, 1918, aged nine years, 9 months.

Like her mother Maxine was the second child of the family and like her mother she was the sunshine of the home with a happy smile and a kind word for everyone.

Like her mother, too, she was idolized by her family and gave to each in return a wealth of loving kindness.

She was the father's joy, the mother's little confident and helper, the brothers' comrade and the little sister's playmate.

She was a favorite with her grandfather and her two grandmothers, her uncles and her aunts.

From early childhood Maxine was a serious, high minded child, devoted to her home and her school, loved by teachers, schoolmates and all who knew her.

Never a strong child, her health was greatly impaired during the past year, yet she was ambitious to be regular in attendance at school each day and to retain her high standing in her classes which she always did.

During the Bromley Tabernacle meetings in this city she united with the church and later was baptized into membership of Grace M. E. church, and attended Sunday school at Wesley Chapel.

Sweetly at rest are the two quiet sleepers, each life teaching its lesson of a work well done.

Years from now when tender memories of early home life light the pathways of the surviving children, each will, no doubt, be guided by the cherished counsel of the devoted mother and the loving example of sister Maxine so that in the end the little family will again be re-united—father, mother, loved ones all,—in the Heavenly home where there are no tears—where happiness is supreme.

## CARD OF THANKS.

We wish to thank the neighbors and friends for their many kindnesses and for their rendered assistance in so many ways, during the illness and death of wife and daughter.

MR. THOMAS B. KISSLING, AND CHILDREN.

## MEMOIR

Floyd Raymond Smidley, son of George and Minnie Smidley, was born in Fayette county, Ohio, September 30, 1891. He was the oldest of four living children, one older brother and one younger sister having preceded him to the Great Beyond. He was united in marriage to Miss Artie Barclay, August 16, 1913. To this union were born 3 dear little girls, Anna-lee, aged 4 years, Ruth Abigail aged 3 years, and Minnie Martha, aged 1 year, 6 months.

Floyd was a most devoted husband and father, doing everything in his power for the comfort and happiness of his little family.

Although not rugged and strong to toil at heavy labor yet, he was most ingenious, having invented and modeled many useful things about the farm that were labor saving. He was ever busy doing the needed things about the home and farm. He was very thoughtful of others, even in his last sickness, he talked anxiously of what he had promised to do for others at that time.

He was a modest Christian, growing better along life's pathway. He was converted to Christ and joined the Church of Christ at New Holland in the winter of 1912 under the pastorate of C. V. Huffer and remained faithful.

He was taken ill with influenza, which developed into double bronchial pneumonia about a week ago; was called to his eternal reward Thursday p. m., October 17, 1918, aged 27 years, 17 days.

He leaves to mourn their loss, a loved and loving wife, three little daughters, a kind father and mother, one brother, Roy, of Washington C. H., two sisters, Gladys at home, Mrs. Iva Montgomery, of New Holland, and a host of relatives and friends.

## STOPS ON HIS WAY TO EVACUATION CAMP

Lieutenant E. H. McDonald, formerly of Bloomingburg, now in the United States Medical Corps, stopped over in Bloomingburg for a few hours, Monday, enroute from Camp Chase, Ill., to an evacuation camp in the east. He expects to be in France within a few weeks.

Mrs. McDonald and son will remain in Bloomingburg after a short stay in Columbus.

## DEATHS

### EVANS

Orville Evans, aged 28 years, died Monday evening at eight o'clock at his home on the Black Oak road.

Funeral services will be held at 10 a. m. Wednesday in the Washington cemetery.

## CARD OF THANKS.

Mrs. Ben Ruth wishes to thank the Red Cross for the kindness shown to her and her family during their recent illness.

# FORCE GERMANS BACK STEADILY

(American Press)  
London, Oct. 22.—Under pressure of the allies the Germans continue to fall back at vital points along the battle lines in France and Belgium.

The British have approached to within two miles of Valenciennes and the Americans, to the northwest of Verdun, have succeeded in occupying two highly important positions in their operations aimed at an advance northward.

American and British troops have crossed the Oise canal on a wide front, in the face of desperate resistance, and further successes in this sector will menace the Germans both to the north and south. The Valenciennes-Hirson railway, formerly one of the German's main lateral arteries of communication, has been cut.

The west bank of the Scheldt canal has been occupied by the British along an extent of 10 miles, to the north of Tournai. The allied armies are now two miles from Tournai, where the Germans are resisting strenuously. Just to the east of the city lies high ground, which is giving the Germans the advantage in the

present fighting. If the allies take the city much heavy and difficult fighting is expected in the event that a further eastward advance is attempted at this point.

Belgium is gradually being re-deemed, although now that the Germans have drawn in their lines the British, French and Belgians are encountering much stiffer opposition than during the early days of the great drive for the reoccupation by the allies of the Belgian coast. The city of Ghent, an objective which the allies have always had in mind, is yet seven miles away. Probably it will be outflanked from the north before it is taken. Allied troops already have made considerable progress with this end in view.

Having cleared the Germans out of western Belgium, the allied forces are standing on a line from the Dutch frontier to the Oise canal that is virtually straight. A new movement has begun to the east of Courtrai, the object of which is to free the northern section of Belgium from the enemy. French troops have reached the Danube river, in the region of Vidin, after offensive operations in the eastern theater of the war lasting more than a month.

## FAYETTE STUDENTS IN ARMY TRAINING

Following is a list of the young men of Fayette county who are in the Student's Army Training Corps at the various universities, the list being compiled from the records of the Local Board.

Registrants inducted into the S. A. T. C., October 22, 1918.

Marion Jones Wilson, University of Cincinnati; Leonard Waldo Williams, Ohio University; Alfred Dean Milburn, Ohio University; Raymond B. F. E. HAINES, President  
J. M. HARTMAN, Secy. 247 13

Army Heads Promoted.  
Washington, Oct. 22. — President Wilson recommended for promotion to the rank of lieutenant general Hunter Liggett and Robert L. Bullard, major generals commanding the first and second American field armies in France.

## WAS "WATCHED" BEFORE LEAVING

REV. WILLIAM BOYNTON GAGE.

Shortly before he was to leave this city Monday afternoon, for Y. M. C. A. service abroad, Rev. William Boynton Gage, pastor of the First Presbyterian Church of this city, was summoned to the office of Mr. Geo. H. Hitchcock, on "urgent business."

Unsuspecting that his friends had planned a little surprise for him, Rev. Gage went to the office and there found a number of friends awaiting him, with Mr. Henry Brownell as spokesman.

After informing Rev. Gage that because of the fact that a score of close friends of various creeds had learned to hold him in high esteem as a man because of proven worth, Mr. Brownell informed him that nevertheless these same friends had decided that he required "watching" and that it gave him a great deal of pleasure to present, on behalf of the score of friends, a handsome wrist watch.

Rev. Gage was equal to the surprise and in a neat speech of deep appreciation, accepted the gift, and proceeded to fasten it in place. The little gathering came to an end with hearty well wishes from the assembled friends.

## DR. C. W. SODDERS NAMED PRESIDENT OF CITY COUNCIL

City Solons Spring Little Surprise in Electing a Former President of The City Council to Succeed Late Al Melvin—B. & O. Gets Franchise—Fishing Discussed

At the adjourned session of the city council, Monday night, Dr. C. W. Soddors, former president of the city council, was elected by unanimous vote to fill the unexpired term of the late Al Melvin, the election coming as an agreeable surprise to those outside of the council.

After the election of Dr. Soddors to the chair, a committee was named to notify him, and he came to the council rooms immediately and after Mayor Dahl had administered the oath of office, assumed charge of the gavel, briefly thanking the councilmen for the honor conferred, and taking up business without further delay, and using short cut methods allowed in parliamentary law to eliminate any unnecessary delay in the transaction of business.

The report of the Service Committee on the question of granting a franchise to the B. & O. railroad to cross Lakeview avenue with additional trackage, recommending that the franchise be granted, was made and accepted. An ordinance granting the franchise was passed, after recommendations for sidewalk facilities had been incorporated. A board sidewalk is to be constructed between the tracks and a concrete sidewalk approaching the tracks.

A representative of the Studebaker Company was present and asked what action council had decided on regarding the street flusher which it had ordered, but upon which payment had been stopped in the case of Hilary against the City.

After acting Solicitor Pope Gregg had reported on the matter of the flusher, stating that he believed it possible for a rental agreement on the flusher, and Attorney Post had discussed the case, the Service Committee and Service Director were instructed to confer with the Studebaker representative on some arrangement whereby the flusher might be rented and the streets kept in something like decent condition.

A conference was held immediately after the meeting, and it is understood arrangements were made for retaining the use of the flusher.

## DR. EDGAR ALLEN DIES IN LOS ANGELES

Relatives in this city have received word of the death of Dr. Edgar Allen, son of the late Willis Allen, formerly a resident of Washington, from influenza, at his home in Los Angeles, Cal. Dr. Allen left Washington upon the completion of his medical course, fol-

lowing graduation in the local high school, and has been for a number of years successfully engaged in practice in the West.

His wife was Miss Rachel Hart, a cousin of the Brownells, and has frequently visited here. Mr. Howard C. Allen is a cousin.

The sad word is followed by the regret of numerous friends here.

## NEW STATE MAPS CORRECT IN DETAIL

The people of Ohio do not generally know there is ready distribution of a new map of the State, upon which there has been years of careful preparation and which is absolutely correct in detail. There is no attempt at advertising, simply setting forth that which the public seeks in a way which can be relied upon. The new map shows the drainage, the boundaries, the highways and railroads. It carries the streets within the largest cities, that portion of adjoining states for two tiers of counties beyond, and indicates the size of municipalities by different size type used in spelling their names.

These maps are furnished people at actual cost of publication. Railway maps on rollers at 50c each, railway maps folded in covers at 40c each, highway maps folded in covers 75c each and highway maps without covers 35c each. An order sent to the Secretary of State, Columbus, Ohio, will bring one of them to you.

## LAND TITLE SUIT

In Common Pleas Court, David Haus Barchet has filed action to settle and register title to land, making Wm. A. Lawhead and others defendants. Hidy & Sanderson represent the plaintiff.

Also all persons indebted to me are expected to please make payment by Wednesday of next week.

249 15 DR. E. F. TODHUNTER.

## NERVOUS RUN-DOWN WOMAN

Tells How Vinol Creates Strength

Duked, Tenn. — "I live on a farm and keep house for six in my family. I got into a nervous run-down condition so it seemed as though I would die. A friend advised me to try Vinol. I have been greatly improved by its use and am better and stronger, in every way." Mrs. H. H. Goodwin.

The reason Vinol was so successful in Mrs. Goodwin's case is because it contains beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the very elements needed to build up a weak, run-down system and create strength. Blackmer & Tanquary and druggists everywhere.

P. S. Stop scratching, our Saxol Salve stops itching. We guarantee it.

## O'LEARY ON TRIAL

(American Press)

New York, Oct. 22.—Jeremiah A. O'Leary, arrested on an indictment alleging conspiracy to commit treason and espionage through publication of articles in "The Bull," after a sensational flight last June to the Pacific coast, acted as associate counsel at the opening of his trial here on the lesser charge of conspiracy to obstruct the nation's military preparations. Selection of 12 men to hear the case, which was postponed last May when O'Leary disappeared on the eve of the trial, was begun.

# BIG FEATS NAVY WORK OVERSEAS

(American Press)

Washington, Oct. 22. — Assistant Secretary Roosevelt, who recently returned from a visit to Europe, gave to the public details of the work of the American navy in foreign waters.

"The American people seem to have very little idea of the extent of our naval activities abroad," said Secretary Roosevelt. "The tendency is to think merely of the conveying and patrol work our destroyers and other vessels are doing and the presence of our battleships with the British fleet. But important as this is, it is only a part of our activities, and there are dozens of other things of importance of which little has been said."

The building of the North sea mine barrage against submarines was one of the biggest things ever accomplished in ordnance work, Mr. Roosevelt said. In turning out material for it a number of plants in this country were kept busy for months. Several American bases were established on the British coast to lay and handle the mines.

To save haulage of oil the American navy has undertaken to construct a pipe line across Scotland.

"All the way from the Spanish border clear around to the English channel," said Mr. Roosevelt, "we have established aviation stations so spaced that the entire coast line is covered by seaplanes and dirigibles. These stations were built almost entirely by our sailors. At each station there is an average of from 200 to 300 men. This aviation force and our patrol vessels have been doing such splendid work for the last six months there have been practically no sinkings within 50 miles of the French coast. We hope to extend this patrol zone to 100 miles."

In northern France, in co-operation with the British and Belgians, Secretary Roosevelt said there had been established what is known as the northern bombing group, composed of a number of aviation units, which did much to prevent the Germans from again using Zeppelings and Ostend as submarine bases.

An American naval force co-operating with the British at Gibraltar is patrolling the Atlantic in that vicinity and is acting as convoy to vessels going to and from Italy, Greece and Egypt.

## ORDER NUMBERS NEW DRAFTEES

Following is the order in which new registrants in Fayette county were drawn in the recent draft lottery. For convenience the numbers are grouped in 100 each. To know their exact turn, or order in which they were drawn, registrants are to follow this rule: Find your serial number, previously published. If it should, for example, be the 56th number in the group containing the fifth hundred, the order number is 556.

### IMPORTANT NOTICE

All persons are warned not to interfere in any manner with the work of The U. S. Employment Service. Any violations will be immediately dealt with by the Department of Justice.

If you don't want to get behind the Government with your services, don't keep the other fellow from doing so by telling him that to apply for a Government job on the most essential work they will be compelled to work for the duration of the war and be sent any place the Department may deem advisable. This is false and those who have been telling such stories, or who have or may in in any way interfere will be prosecuted.

The Government is in great need of all classes of laborers, both skilled and unskilled. There is a job for every person, and those applying for jobs do so as civilians and are not subjected to regulations that will work hardships to the applicant or his dependents.

The labor situation is very critical, every person is asked to assist by offering his or her services in some essential productive war work. Unless a reasonable quota is forthcoming voluntarily, a labor draft may be necessary, and those coming under such a draft may be looked upon by the community with some disfavor.

Moral—Enlist your services voluntarily. You are needed NOW.

U. S. EMPLOYMENT OFFICE.

### QUESTIONNAIRES SOON TO GO FORTH

Within the next few days the Local Board of Fayette county, in accordance with orders issued from the Provost Marshal General's office, will send out questionnaires to all Fayette county registrants between the ages of 37 and 46 and the 18-year class.

In other words, questionnaires will go forth to all registrants who have not already received the questionnaires.

Announcement will be made the day previous to sending out the questionnaires.

Go "over the top" with a want ad.

## FRENCH WOMAN IS KILLED BY GRENADE

(American Press)

Paris, Oct. 22. — Mademoiselle de Vallette, head of the American section of the press department of the foreign office, was killed instantly when a hand grenade which she picked up in reoccupied territory near the front exploded. She had been conducting a party of American women on a visit to the reoccupied territory.

Miss Elizabeth Shirley Thornton of New York was wounded and a French officer with the party was injured seriously, an arm being blown off. Miss Thornton, who was struck in the face and other parts of the body by bits of the grenade, was taken to a hospital near the front. The officer had warned the members of the party to touch nothing. Mademoiselle de Vallette had been most useful to American women writers visiting France.

### NEW LOCATION

The partnership heretofore existing between Earnest Devaney and W. A. Bevan has been dissolved. The undersigned is now conducting a blacksmith shop in the rear of the Blackmore Livery Barn on Market street.

W. A. BEVAN.

## HOW STRANGE THINGS SOMETIMES HAPPEN

"I want to write you to let you know that I have taken 2 more doses of Mayr's Wonderful Remedy, and have gained 10 lbs in the last 2 weeks, although I am thinner around the waist than before, because the bloating in my stomach has all gone and I am feeling like a boy again. There never was anything in this world half as good as this medicine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Blackmer & Tanquary, Frank Christopher and druggists everywhere.

JACK FROST SAYS  
THAT FIX AND FIT  
AS PLUMBERS HAVE  
MADE QUITE A HIT.

We're avowedly an enemy of Jack Frost and an ally of Comfort. If there's anything the matter with your water pipes we'll fix them up for you and if your heating apparatus doesn't suit you we'll set up a new one for you.
